

Remind clients of viewing appointments and market new listings by text or voice

With Reminder Time on your side you can keep both clients and prospective buyers informed of their upcoming viewings. By using our customisable messaging you can also keep them up-to-date with new instructions or new services. Reminder Time is 2-way messaging so you can get feedback when you need it and with the flexibility of the Short Time range, there will be a product to suit your needs.

SMS Text Messaging

Send to mobile phones for instant broadcast straight to the people you need to reach

Voice messaging

Text-to-speech conversion of your message enables you to reach those with fixed line phones

2-way or 1-Way

Reminder Time has 2-way messaging as standard, but you don't have to ask for a reply. Its your choice

Customise your message

Tailor your message exactly how you want it. Customise up to 3 different responses
